ATTN.: Mr. Kent Whitmer
7706 E Velocity Way
Mesa, AZ 85212

Subject: Approval of Able Supplemental ICA Report 5421-AL, Rev A dated 07/29/2019.

Reference: Able Aerospace Submittal Letter dated 08/02/2019 to Maureen Moreland, LAACO Branch

Dear Mr. Whitmer:

The information and data submitted with the above referenced letter have been reviewed by our office. We concur that the Able Aerospace Airworthiness Limitations Schedule within the Supplemental Instructions for Continued Airworthiness for Able Part Numbers 2AA-310-004-101 and 2AA-310-004-103, listed below, on aircraft models identified in the corresponding PMA supplement, comply with the applicable code of federal regulation certification requirements.

1. Able report 5421-AL, Rev A Supplemental ICA for FAA PMA Strap Assembly

Enclosed is the signature page of the ICA with the approval signature for your records.

If there are any questions regarding this approval, please contact Mr. Ameet Shrotriya at (562)-627-5362.

Sincerely,

Maureen Moreland
Aviation Safety
Manager, Airframe Section
Los Angeles ACO Branch

Enclosures

3. Airworthiness Limitations and Maintenance Instructions

3.1 Airworthiness Limitations

Table 1. Airworthiness Limitations Schedule

Part Number	Description	Model	Airworthiness Life
2AA-310-004-101	Strap Assembly	206A 206B	1200 Hours/48 months
2AA-310-004-103	Strap Assembly	206A 206B 206L 206L-1 206L-3 206L-4	1200 hours /48 months

The Airworthiness Limitations Section is FAA approved and specifies inspections and other maintenance required under Sections 43.16 and 91.403 of the Federal Aviation Regulations unless an alternative program has been FAA approved.

FAA Approved

Maureen Moreland
